

Year 5 English Objectives 2020-21

English – Guided Reading and Reading Across the Curriculum	<p>Reading – word reading apply their growing knowledge of root words, prefixes and suffixes (morphology and etymology), as listed in English Appendix 1, both to read aloud and to understand the meaning of new words that they meet</p> <p>Reading – comprehension maintain positive attitudes to reading and understanding of what they read by:</p> <ul style="list-style-type: none"> • continuing to read and discuss an increasingly wide range of fiction, poetry, plays, non-fiction and reference books or textbooks • reading books that are structured in different ways and reading for a range of purposes • increasing their familiarity with a wide range of books, including myths, legends and traditional stories, modern fiction, fiction from our literary heritage, and books from other cultures and traditions • recommending books that they have read to their peers, giving reasons for their choices • identifying and discussing themes and conventions in and across a wide range of writing • making comparisons within and across books • learning a wider range of poetry by heart • preparing poems and plays to read aloud and to perform, showing understanding through intonation, tone and volume so that the meaning is clear to an audience <p>understand what they read by:</p> <ul style="list-style-type: none"> • checking that the book makes sense to them, discussing their understanding and exploring the meaning of words in context • asking questions to improve their understanding • drawing inferences such as inferring characters' feelings, thoughts and motives from their actions, and justifying inferences with evidence • predicting what might happen from details stated and implied • summarising the main ideas drawn from more than one paragraph, identifying key details that support the main ideas • identifying how language, structure and presentation contribute to meaning <p>discuss and evaluate how authors use language, including figurative language, considering the impact on the reader</p> <p>distinguish between statements of fact and opinion</p> <p>retrieve, record and present information from non-fiction</p> <p>participate in discussions about books that are read to them and those they can read for themselves, building on their own and others' ideas and challenging views</p> <p>Courteously</p> <p>explain and discuss their understanding of what they have read, including through formal presentations and debates, maintaining a focus on the topic and using notes where necessary</p> <p>provide reasoned justifications for their views</p>
English- Writing	<p>Handwriting and presentation write legibly, fluently and with increasing speed by:</p> <ul style="list-style-type: none"> • choosing which shape of a letter to use when given choices and deciding whether or not to join specific letters • choosing the writing implement that is best suited for a task <p>Writing – composition plan their writing by:</p> <ul style="list-style-type: none"> • identifying the audience for and purpose of the writing, selecting the appropriate form and using other similar writing as models for their own • noting and developing initial ideas, drawing on reading and research where necessary • in writing narratives, considering how authors have developed characters and settings in what pupils have read, listened to or seen performed <p>draft and write by:</p> <ul style="list-style-type: none"> • selecting appropriate grammar and vocabulary, understanding how such choices can change and enhance meaning • in narratives, describing settings, characters and atmosphere and integrating dialogue to convey character and advance the action • précising longer passages • using a wide range of devices to build cohesion within and across paragraphs

	<ul style="list-style-type: none"> • using further organisational and presentational devices to structure text and to guide the reader [for example, headings, bullet points, underlining] <p>evaluate and edit by:</p> <ul style="list-style-type: none"> • assessing the effectiveness of their own and others' writing • proposing changes to vocabulary, grammar and punctuation to enhance effects and clarify meaning • ensuring the consistent and correct use of tense throughout a piece of writing • ensuring correct subject and verb agreement when using singular and plural, distinguishing between the language of speech and writing and choosing the appropriate register <p>proof-read for spelling and punctuation errors perform their own compositions, using appropriate intonation, volume, and movement so that meaning is clear</p> <p>Writing – vocabulary, grammar and punctuation develop their understanding of the concepts set out in English Appendix 2 by:</p> <ul style="list-style-type: none"> • recognising vocabulary and structures that are appropriate for formal speech and writing, including subjunctive forms • using passive verbs to affect the presentation of information in a sentence • using the perfect form of verbs to mark relationships of time and cause • using expanded noun phrases to convey complicated information concisely • using modal verbs or adverbs to indicate degrees of possibility • using relative clauses beginning with who, which, where, when, whose, that or with an implied (i.e. omitted) relative pronoun • learning the grammar for years 5 and 6 in English Appendix 2 <p>indicate grammatical and other features by:</p> <ul style="list-style-type: none"> • using commas to clarify meaning or avoid ambiguity in writing • using hyphens to avoid ambiguity • using brackets, dashes or commas to indicate parenthesis • using semi-colons, colons or dashes to mark boundaries between independent clauses • using a colon to introduce a list • punctuating bullet points consistently <p>use and understand the grammatical terminology in English Appendix 2 accurately and appropriately in discussing their writing and reading.</p>		
<p>English – Spelling NNS</p>	<p>Revisit: Strategies at the point of writing: Have a go Plurals (adding '-s', '-es' and '-ies') Apostrophe for contraction and possession Rare GPCs: Words with 'silent' letters Word endings: Words with the letter string '-ough' Words ending in '-able' and '-ible' Homophones: <i>isle/aisle, aloud/allowed, affect/effect, herd/heard, past/passed</i> Hyphen: Use of the hyphen (<i>co-ordinate, co-operate</i>)</p> <p>Learn words from the Years 5 and 6 word list. (Suggest an average of 7 words each term.)</p>	<p>Revisit: Strategies at the point of writing: Have a go Apostrophe for possession Rare GPCs: Teach words with rare GPCs from the Year 5 and 6 word list (<i>bruise, guarantee, queue, immediately, vehicle, yacht</i>) Words with the /i:/ sound spelt 'ei' after 'c' (<i>receive, ceiling</i>) Word endings: Words ending in '-ably' and '-ibly' Revise words ending in '-able' and '-ible' Homophones: <i>altar/alter, led/lead, steal/steel</i></p> <p>Learn words from the Years 5 and 6 word list. (Suggest an average of 7 words each term.)</p>	<p>Revisit: Strategies at the point of writing: Have a go A range of strategies for learning words Homophones: <i>cereal/serial, father/farther, guessed/guest, morning/mourning, who's/whose</i> Suffixes: Problem suffixes</p> <p>Learn words from the Years 5 and 6 word list. (Suggest an average of 7 words each term.)</p>

Year 5 Maths Objectives 2020-21

Number – number and place value

read, write, order and compare numbers to at least 1 000 000 and determine the value of each digit
count forwards or backwards in steps of powers of 10 for any given number up to 1 000 000
interpret negative numbers in context, count forwards and backwards with positive and negative whole numbers, including through zero
round any number up to 1 000 000 to the nearest 10, 100, 1000, 10 000 and 100 000
solve number problems and practical problems that involve all of the above
read Roman numerals to 1000 (M) and recognise years written in Roman numerals

Number – addition and subtraction

add and subtract whole numbers with more than 4 digits, including using formal written methods (columnar addition and subtraction)
add and subtract numbers mentally with increasingly large numbers
use rounding to check answers to calculations and determine, in the context of a problem, levels of accuracy
solve addition and subtraction multi-step problems in contexts, deciding which operations and methods to use and why

Number – multiplication and division

identify multiples and factors, including finding all factor pairs of a number, and common factors of two numbers
know and use the vocabulary of prime numbers, prime factors and composite (nonprime) numbers
establish whether a number up to 100 is prime and recall prime numbers up to 19
multiply numbers up to 4 digits by a one- or two-digit number using a formal written method, including long multiplication for two-digit numbers
multiply and divide numbers mentally drawing upon known facts
divide numbers up to 4 digits by a one-digit number using the formal written method of short division and interpret remainders appropriately for the context
multiply and divide whole numbers and those involving decimals by 10, 100 and 1000
recognise and use square numbers and cube numbers, and the notation for squared and cubed
solve problems involving multiplication and division including using their knowledge of factors and multiples, squares and cubes
solve problems involving addition, subtraction, multiplication and division and a combination of these, including understanding the meaning of the equals sign
solve problems involving multiplication and division, including scaling by simple fractions and problems involving simple rates

Number – fractions (including decimals and percentages)

compare and order fractions whose denominators are all multiples of the same number
identify, name and write equivalent fractions of a given fraction, represented visually, including tenths and hundredths
recognise mixed numbers and improper fractions and convert from one form to the other and write mathematical statements > 1 as a mixed number [for example, $\frac{6}{5} + \frac{1}{5} = 6/5 = 1 \frac{1}{5}$]
add and subtract fractions with the same denominator and denominators that are multiples of the same number
multiply proper fractions and mixed numbers by whole numbers, supported by materials and diagrams
read and write decimal numbers as fractions [for example, $0.71 = 71/100$]
recognise and use thousandths and relate them to tenths, hundredths and decimal equivalents
round decimals with two decimal places to the nearest whole number and to one decimal place
read, write, order and compare numbers with up to three decimal places
solve problems involving number up to three decimal places
recognise the per cent symbol (%) and understand that per cent relates to 'number of parts per hundred', and write percentages as a fraction with denominator 100, and as a decimal
solve problems which require knowing percentage and decimal equivalents of $\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{5}$, $\frac{2}{5}$, $\frac{3}{5}$ and those fractions with a denominator of a multiple of 10 or 25

Measurement

convert between different units of metric measure (for example, kilometre and metre; centimetre and metre; centimetre and millimetre; gram and kilogram; litre and millilitre)

understand and use approximate equivalences between metric units and common imperial units such as inches, pounds and pints

measure and calculate the perimeter of composite rectilinear shapes in centimetres and metres

calculate and compare the area of rectangles (including squares), and including using standard units, square centimetres (cm²) and square metres (m²) and estimate the area of irregular shapes

estimate volume [for example, using 1 cm³ blocks to build cuboids (including cubes)] and capacity [for example, using water]

solve problems involving converting between units of time

use all four operations to solve problems involving measure [for example, length, mass, volume, money] using decimal notation, including scaling

Geometry – properties of shapes

identify 3-D shapes, including cubes and other cuboids, from 2-D representations

know angles are measured in degrees: estimate and compare acute, obtuse and reflex angles

draw given angles, and measure them in degrees

Identify:

- angles at a point and one whole turn (total 360)
- angles at a point on a straight line and $\frac{1}{2}$ a turn (total 180)
- other multiples of 90 degrees

use the properties of rectangles to deduce related facts and find missing lengths and angles

distinguish between regular and irregular polygons based on reasoning about equal sides and angles

Geometry – position and direction

identify, describe and represent the position of a shape following a reflection or translation, using the appropriate language, and know that the shape has not changed

Statistics

solve comparison, sum and difference problems using information presented in a line graph

complete, read and interpret information in tables, including timetables
