

Year 2 Home Learning Term 4

Harry Potter

Every Friday, children will be given one piece of English home learning, one piece of maths home learning, spellings and handwriting to be completed by the following Wednesday. This will follow on from the learning that has been done in class and that will allow your child to practise applying their new knowledge to different activities.

Children that hand home learning in on time will be rewarded with stickers!

As well as this, each term children will be given a project based on their class topic. This can be completed in the children's own time and shared with the class at the end of the term!

Home Learning Project

Our topic this term is 'Harry Potter'

Choose at least one activity from the home learning projects below. You can choose how you would like to present it. Bring your finished project to school on Wednesday 28th March so we can share them with the whole class.

- Imagine you were Harry Potter on your way to Hogwarts. Write a diary entry about how you felt, what you were looking forward to and what you were worried about.
- Design and make your own magic wand. What magical items would you have inside of it? Write a spell you could cast with it.
- Make a poster to advertise your own magic potion. Think about what ingredients you would put in it and what it would do.
- Make a model vehicle out of junk materials.
