

Year 3 Home Learning Project - Term 6

Due Wednesday 10th July 2019 or before

This term our topic is **Keen to be Green!**

We will be finding out about plants in Science, looking at the history of Brockwell Park and discovering rainforests of the world, focusing on the Amazon in Peru.

Choose one of the following activities to complete at home:

- Plant seeds and record a plant's growth
- Create a collage using natural materials
- Sketch a still life of a plant or flower
- Write a poem inspired by nature and living things, ready to perform to the class
- Visit a local park and take pictures. Explain why it is important to you.
- Pretend you are a landscape gardener and design a garden considering the wildlife needs.
- Cook some Peruvian food to show or share with the class
- Create a model of a rainforest
- Design a poster to help save the rainforest
- Research and create a PowerPoint presentation about tropical rainforests
- Make an instrument inspired by the rainforest
