

## Year 5 Home Learning

Every Friday , children will be given one piece of Literacy Home Learning, one piece of Numeracy Home Learning and spellings to be completed by the following Wednesday.

Children that hand Home Learning in on time will be rewarded with stickers!

As well as this, each term children will be given a project based on their class topic. This can be completed in their own time over the next few weeks.

### **Home Learning Project**

Our topic this term is called Ancient Greece.

Choose at least one activity from the Home Learning projects below. You can choose how you would like to present it. Bring your finished project to school by Monday 10<sup>th</sup> February so we can share them with the whole class.

- Design and decorate a Greek vase/pot.
- Draw and describe your own Greek God. What do they look like and what powers do they have?
- Plan a presentation on an area of Ancient Greek history to present to your class.
- Research and build your own model of the Parthenon.
- Draw yourself as an Athenian or Spartan. Label your picture with accurate adjectives.
- Design and create a leaflet persuading people to visit Athens or Sparta
- Find out about the Olympic games and present your findings in an interesting way – you could print your information on a white t-shirt or make a poster.
