

Year 5 Home Learning - Term 6

Every Friday, children will be given one piece of literacy Home Learning and one piece of numeracy Home Learning to be completed by the following Wednesday.

As well as this, each term children will be given a project based on their class topic. This can be completed in the children's own time over the next few weeks.

Home Learning Project

Our topic this term is called 'Poaching Predators'.

Choose at least one activity from the home learning projects below. You can choose how you would like to present it. Bring your finished project to school by 5th July so we can share them with the whole class.

Good luck with your projects - we look forward to seeing everyone's home learning!

- Research an endangered animal and write a report. You could even present your information in a PowerPoint presentation.
- Draw or make a collage of an endangered animal using different materials such as paper, cloth, foil, newspaper, etc.
- Create an interactive map of the world. You could add paper flaps with facts underneath, crosswords etc
- Create a T-shirt persuading people to save endangered animals - this could be written in Spanish and English!
- Plant some seeds and record their progress then bring the results in to show the class.
