

Year 6 Home Learning - Term 2

Every Friday, children will be given one piece of English (grammar and spelling) Home Learning and one piece of Maths Home Learning to be completed by the following Wednesday.

Children that hand Home Learning in on time will be rewarded with stickers!

As well as this, each term children will be given a project based on their class topic. This can be completed in the children's own time and shared with the class at the end of the term!

Home Learning Project

Our topic this term is Mexico and it is time to get creative!

Choose one activity from the home learning projects below. You can choose how you would like to present it. Bring your finished project to school by Wednesday 13th December so we can share them with the whole class.

- Make a map of Mexico. Can you make it 3D? What key physical features are there? How can you represent them?
- Make a travel brochure for Mexico. How could you persuade people to go there on holiday? How could you present it?
- Make an item of Mexican food: What did you make? How did you make it? Can you write instructions? Can you bring in a sample!?
- Make a fact file about one of the animals native to Mexico e.g. jaguars, pumas, iguanas, lizards and more
