

Music/Science/P.E. Thursday 04/06/20

WALT make a homemade shaker.

- What musical instrument did we make yesterday?
- What did you use to make the instrument?
- How did you change the sound of the instrument?

Watch this Howcast video 'How to make container shakers':

https://www.youtube.com/watch?v=U2Gkf_HFrMM

Explore making your own shaker

Explore making your own shaker like the lady in the video. You can use a jar, tub or bottle from your recycling but make sure it is clean! Add lentils, rice, different pasta shapes or beads from your craft box to create the noise.

Challenge:

What do you want to find out?

- Does the sound change if you add more or less lentils?
- Does the sound change if you add different size lentils, pasta shapes or different objects?
- Does the sound change if you use a different container as the shaker?

You could add a handle using a used loo roll and decorate your instrument.

Draw a picture of your shaker in your purple book and write a sentence or two about what you found out.

P.E. 04/06/20 (and every day or whenever you can!)

WALT keep active with Cosmic Kids Yoga!

Follow the link to join Coco the Butterfly in this fun Cosmic Kids Yoga Adventure.

<https://www.youtube.com/watch?v=pT-s1-phgxs>

Remember you can join in any Cosmic Kids yoga, relaxation or mindfulness activity at any time by following the link below and choosing a video:
