

History Thursday 07/05/20

WALT make bunting to commemorate the 75th anniversary of VE Day.

VE day stands for Victory in Europe Day.

On May 7th 1945, Sir Winston Churchill (the prime minister of the United Kingdom) announced the **end of the Second World War**.

The war in Europe had lasted over 5 years. During this time, many soldiers were killed or wounded, buildings were destroyed by bombs and people did not have much food.

People were very happy that the war had ended. They celebrated in the streets. Church bells rang and people danced and waved flags. Some people wore red, white and blue to look like the British flag. People shared food and hung bunting at street parties.

75 years later, we remember this day to honour the men and women of the Second World War.
