WALT make certificates for our family sports day.

This week we are planning a family sports day!

Yesterday you wrote invitations to your family to invite them and tell them about the activities. Today we are going to write certificates for everyone that takes part.

Why do we give out certificates?

What do we need to write on our certificates?

What pictures could we draw on them?

Make a certificate for everyone that will take part in your family sports day.

Where it says 'Signed' you write your name. This show how proud you are of them.

Here is one I made:

Present your certificates to your family when they have taken part in your family sports day! They will love them!
