WALT measure lengths using non-standards units (part 2)

Well done for completing your lesson online. How did you do? Now it's time to complete the next lesson of this unit.

Below you will find the link to the lesson they published for Wednesday (Week 1 Day 3) which we would like you to have a go at, today, Friday.

Click on the link and follow the instructions. It is very important that you watch the video and watch the teacher explain what you have to do.

Share this lesson:

To measure lengths using non-standard units

In today's lesson we will be exploring measuring a range of household objects using non-standard units such as pencils, paper clips or lego bricks.

[Start Lesson](#)

If it seems that it won't launch the quiz when you press the start lesson button, this is what you could try:

Close the page and reopen it.

Press 'next activity' button until you get to activity 2 which is the video.

Don't worry if you can't do the quiz today.

Good Luck and enjoy!
