

Science Tuesday 21/04/20

WALT write about what we already know about plants and what we want to find out.

What do you already know about **plants**?

You might want to think about:

- What different types of plants do you know of?
- Do you know the names of any plants?
- Where do plants live?
- Have you helped to grow a plant before? What did you do?

Write a few sentences in your purple book about what you already know.

Watch this BBC Bitesize video, 'Plants you can see outside'.

<https://www.bbc.co.uk/bitesize/topics/zpxnyrd/articles/zw2y34j>

Did you find out anything new?

Challenge:

What have you always wanted to find out about **plants**?

Write a question that you could ask to find this out. Remember to use a question mark ? at the end of your sentence.

You could share your question on our **Year 1 Learning Wall**.

Learning Wall Rules:

- check with your parent or carer before you post
- don't write your name if you are in the photo
- only write your **first** name if you post a photo of your work or are writing a comment
- be kind when writing comments
- we approve all posts before they show up on the wall so you may have to wait before you can see your post!

Follow this link to share: <https://padlet.com/missbell88/d28v5yezh8o1>

We think this is a great way to share work and bring the school community together. The wall can only be seen by people who have been given the link above, which is shared with Year 1 pupils (parents and carers) at the school. If you have any concerns about posting photos or work on the learning wall, please contact the school office and we will get back to you.

P.E. Tuesday 21/04/20 (and every day or whenever you can!)

WALT keep active!

Remember you can log in to the Jasmine Active portal with the details below.

Follow the daily timetable each day to keep active with Jasmine.
