WALT mind map ideas to describe a garden using our senses.

Follow the link to watch this video of nature in a garden:

<https://vimeo.com/409438890> (password: year1)

Imagine you are in this garden or if you have one, explore your own.
What can you **see**, **hear**, **smell** and **feel**?

Draw a picture in your purple book and write your ideas around it.

Remember to:

- use your sounds to help you spell the words 
- use **adjectives** to describe what the animals and plants look like (colour, size, shape)
- use **verbs** to describe what the animals and plants are doing
