

Spelling and Grammar Wednesday 22/04/20

WALT add the '-ing' suffix to verbs.

Can you remember what a **verb** is?

Watch this Verbs Song again from Jack Hartmann Kids Music Channel and join in the actions:

<https://www.youtube.com/watch?v=j3EYciNco58>

We use verbs when we talk about what things are **doing**. When the action is or was happening we add the **-ing** suffix to the end of the verb.

The caterpillar is **crawling**.

I can hear the bird **tweeting**.

Write the verbs below in your purple book adding the **-ing** suffix.

grow

flutter

eat

Can you write any verbs of your own with the **-ing** suffix?

Challenge

When a verb ends with a short vowel sound (**sounds a, e, i, o, u**) before the **last sound** in the verb, you **double** the last letter (write it twice) before adding the **-ing** suffix.

The children are **digging**.

Add the **-ing** suffix to these verbs: hop, run, skip
