Remember it is important that we reduce, recycle and reuse.

Today we will make our **pencil pots**.

You will have to make it look like the design you created yesterday.

You will first have to make sure that it is the right size and shape.

You will then have to decorate it. You can use paint, paper and anything else you can find around the house that you would like to recycle.

If you would like to decorate it and make it stronger using paper mache watch this video for instructions on how to do it: <https://www.youtube.com/watch?v=LiSMinmcN4c>

Remember to let it dry – Be Patient!
