WALT find the mass of objects using non-standard units

Well done for completing your lesson online. How did you do? Now it's time to complete the next lesson of this unit.

Below you will find the link to the lesson they published for Wednesday (Week 2 Day 3) which we would like you to have a go at today, Friday.

Click on the link and follow the instructions. It is very important that you watch the video and watch the teacher explain what you have to do.

To find the mass of objects using non-standard units

In this lesson, we will be using non-standard units to measure the mass of toys in the balance scales. The non-standard unit needs to weigh roughly the same as the toy to make the scales balance.

Start Lesson

Good Luck and enjoy!
