WALT compare the mass of more than two objects

Well done for completing your lesson online. How did you do? Now it's time to complete the next lesson of this unit.

Below you will find the link to the lesson they published for Tuesday (Week 2 Day 2) which we would like you to have a go at today, Thursday.

Click on the link and follow the instructions. It is very important that you watch the video and watch the teacher explain what you have to do.

Share this lesson:

To compare the mass of more than two objects

In this lesson, we will be using balance scales to show when objects have the heaviest mass, the lightest mass or an equal amount of mass.
