WALT compare the mass of two objects

Well done for completing your lesson online. How did you do? Now it's time to complete the next lesson of this unit.

Below you will find the link to the lesson they published for Monday (Week 2 Day 1) which we would like you to have a go at today, Wednesday.

Click on the link and follow the instructions. It is very important that you watch the video and watch the teacher explain what you have to do.

To compare the mass of two objects

In this lesson, we will be learning about mass. Mass is when an object is heavy or light. We will be using balance scales to show when an object is heavy and when an object is light.

Start Lesson

Good Luck and enjoy!
