Remember to:

- use your sounds to help you spell the words

Challenge:

- use an online **thesaurus** to find some words you might not have thought of.

Go to <http://www.kidthesaurus.com/>, enter one of your words above and click 'Search'.

Remember choose the words from the thesaurus carefully. Not all of the words will make sense when describing the bears' feelings. You could ask an adult to see what they think.

Use your ctives to help you tell your parent/carer or your favourite toy about how you feel? Can you explain why? What did Goldilocks do to upset you?
