

## Year 2 Weekly Newsletter!

A massive thank you to all those children that have posted work to our Year 2 Padlet page, it has been wonderful to see the learning from home! We hope everyone is safe and well. We hope you are enjoying the learning and that you have managed to find time to rest and take breaks such as walks in the sunshine, drawing, painting or cooking. Please share any of these extra activities with us as it would be amazing to see families coming together and being creative!

Here is the link to our Padlet page:

In the coming weeks BBC bitesize are releasing daily lessons with links to activities and helpful videos. We will be reviewing these lessons and providing links to them in our daily lessons for you to access. We might not use them every day but they are a fantastic resource that is now available to help you at home!

**Friday 8<sup>th</sup>** is a bank holiday so we will not be uploading any lessons on this day!

We have provided a range of activities this week including Music and PSHE. We have based English and Maths learning around the some of the BBC bitesize daily lessons.

Our story in reading this week is 'Ronald the Rhino' (the story PowerPoint can also be downloaded from twinkl).

Please also continue to practise cursive handwriting, letter formation, number formation and writing the year 2 common exception words (activities can be found on various websites including twinkl and links have been provided in previous newsletters!).

We can't wait to be back together soon and hope you have a wonderful week ahead!

Warmest wishes,

Miss Ward, Miss Ahlas and Miss Ashlea
