

## Year 2 Weekly Newsletter!

Welcome to Week 3 of Summer Term! We hope you are enjoying creating your projects for Topic and are continuing to look after your health and mental well being. Hopefully we will have more warm and sunny weather on the way to help us! Remember to keep motivated with the home learning and take regular breaks, you can do it!

In English this week we are going to be basing our work on the popular book 'Owl Babies' by Martin Waddell and Patrick Benson. Listen to the story by following the link below:

[Owl Babies, a story read for children](#)

In Maths we will be using BBC bitesize. Please don't forget to log into Mangahigh for additional maths activities and practise times table rockstars every day! Another great resource for maths games is the website Hit the Button, link provided below:

[Hit the Button - Quick fire maths practice for 5-11 year olds](#)

In Reading this week we are continuing to learn all about Mary Seacole. We will be an information page about her life. Discussing the text, answering comprehension questions and looking at some of the vocabulary used.

Please refer to our Topic sheet to get more ideas or help in continuing your projects for a range of topics including Science, History and Computing.

Don't forget to browse the additional resource section of the Crown Lane website. Remember you can upload all your learning to Padlet:

<https://padlet.com/kward134/5a2p7m7s28uoftko>

On Padlet you can comment on your friends learning and begin a conversation with them.

We hope you enjoy the learning set this week, we miss you all very much and we can't wait to be back in school altogether again!

Warmest wishes,

Miss Ward, Miss Aulas and Miss Ashlea
