WALT write expanded noun phrases.

In a noun phrase, the other words will be modifying a noun.

‘The girl sat on the wall’,

In the sentence above, ‘girl’ is a noun; ‘the girl’ is a simple noun phrase. This can then be expanded with an adjective: ‘the tall girl’ is a simple expanded noun phrase. ‘the tall blond girl by the wall’ would be a more complex expanded noun phrase.

Task

Write an expanded noun phrase using at least one adjective to describe the noun and following it with a preposition, just like in the song.

You can use any nouns you like but you must use a different preposition in each sentence.

Write 6 sentences

Prepositions can include: *with, without, from, in besides, beneath, below, above*
