

Wednesday 13.05.20

Make your own set of **Imperative Verb cards** today so you can play a game on Friday.

- If you can print the sheet above then do so and stick it onto some card and cut the words out individually. This will make the cards easier to use when you play the game.
- If you are not able to print then get some paper or card and write out the words onto them neatly.
- You can decorate the back of the cards if you wish to keep the game for longer.
