

Tuesday 14.7.20

Today you will learn about **sustainability, plastics and recycling**. **Effective recycling also needs everyone to work together! It's that skill again Teamwork!**

This lesson includes some animation and videos and three activities.

Activity 1 is a quiz

Activity 2 is a sorting activity printed on the next page.

DO NOT DO ACTIVITY 3

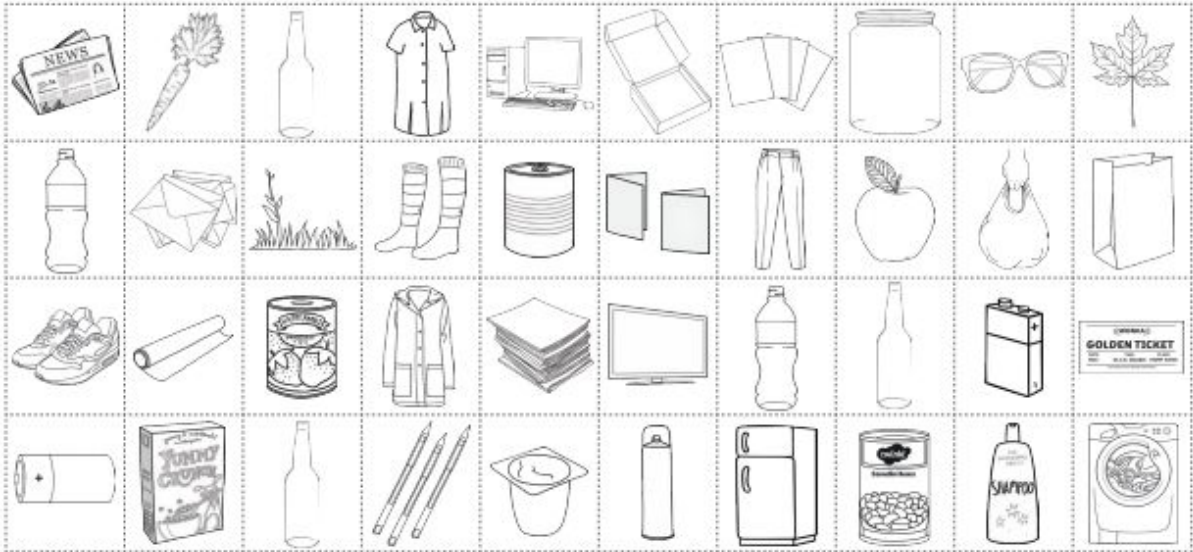

Now follow the link and enjoy!

Recycling Sorting

Colour in and cut out the images and stick them in the correct box in the table.

Recycling Sorting Answers

Try and save things that you would normally throw into your recycle bin for tomorrow's activity- like foil bottle tops small yogurt pots...
