WALT – use retrieval skills to answer questions

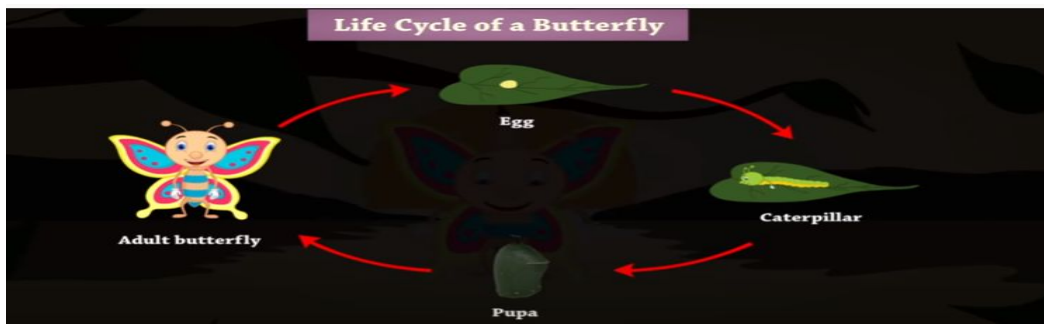

WALT – use inference skills to answer questions

Hello children

This term we would have had the opportunity to see the start of a real life butterfly lifecycle! As this will not be possible let us learn about it at home through our reading sessions.

Click on the link to watch the life cycle. You will encounter some tricky words so be ready to research their meaning.

<https://www.youtube.com/watch?v=O1S8WzwLPIM>

TASK -

WALT - use a dictionary to understand technical words.

The following words were seen in the video but what do they mean?

Search online to find the definition of them.

Larvae

Shed (to shed something) verb

Chrysalis

Pupa

Emerge

Fluid

Metamorphosis

Challenge - (optional task)

Boggle

Can you find the words hidden inside
the squares? No less than 3 letter
allowed!

Extra points if you find the 9 letter
word!

Challenge a family member of a friend.
