

## WALT write instructional text

### Monday; Writing Task

For DT and Science week last week you created some wonderful wells from recycled materials.

By Friday you will be writing up an instructional text on how to make these.

Today watch and listen to the videos about chronological instructional writing and make notes of its features.

What will you need to include?

How will you need to lay it out?

<https://www.youtube.com/watch?v=Gmx4y6sjwXM>

<https://www.youtube.com/watch?v=2189sv8Bvy4>

You can use bullet points to make these notes.
