

Thursday 23rd April 2020

WALT make predictions.

I hope you are all still reading! I have been listening to audio books while I go for my daily exercise and have just listened to another Sherlock Holmes (The Rule of Four), which was a good 'locked room' thriller...

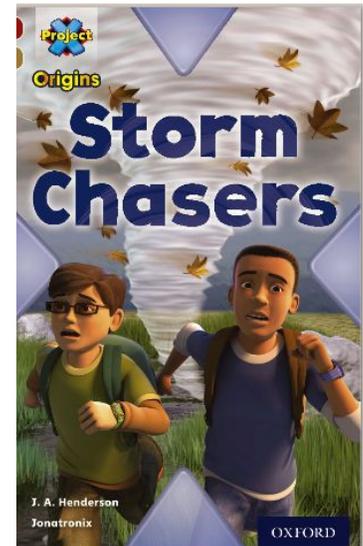

We are reading another ebook together this week, which is available free from Oxford Owl. You need to create a free log in to access it:

<https://home.oxfordowl.co.uk/>

If you haven't already done this, make sure you have a log in now and find the Storm Chasers book.

https://www.oxfordowl.co.uk/api/digital_books/1386.html

Please only read on the chapters as I tell you to - please don't read ahead!

So far, we have discovered a tornado has gone missing and that Team X are investigating by using their teleporter.

Where would you go first if you could teleport anywhere in the world?!?

Now let's read **Chapter 3 and 4 and Location: the Collector's hideout**

WALT understand vocabulary in context.

As you read, make a note of any new vocabulary and the meaning in context. (You might want to make a Team X Secret Code Book to keep this information in...)

You might want help from an online dictionary:
<https://kids.wordsmyth.net/we/>

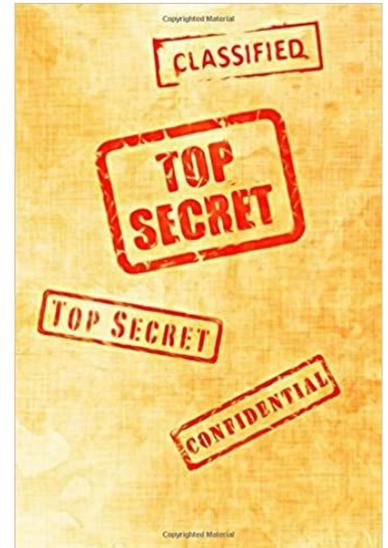

Include the words and phrases:

Chapter 3

Expanse
Sodden
Interference
Transmissions
Enveloped
Sprawled
Clambering

Chapter 4

Huddled
Fumed
Exasperation
Blizzard

We have now learnt that, not only can the Collector shrink, but so can Team X.

So they can teleport anywhere in the world and shrink too!

Let's fast forward to when the lockdown is over and imagine we have these powers too.

How would you use them?

Where would you go?

Who would you go with?

Why might you need to shrink?

I think I would go somewhere exotic like a beach, buy a delicious ice cream and then shrink myself to eat it, so it just went on forever and ever....!

WALT make predictions.

Anyway, back to the story...

How do you think these powers will help Team X to beat the Collector?

We have already seen that by teleporting they can go to anywhere they need to be, but what about the shrinking?

Think about how it will help, but also the disadvantages it may cause.

Write a short paragraph with your predictions, remembering that the Collector wants lots of snow globes....
