and women)

WALT create a piece of art in the  
style of Andy Warhol

Thursday 25th June 2020

What do you like/dislike about Andy Warhol's style of repeating images?

Which colour palettes looked most effective?

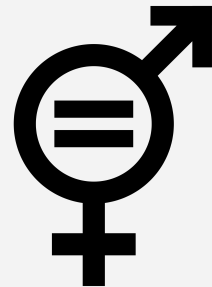

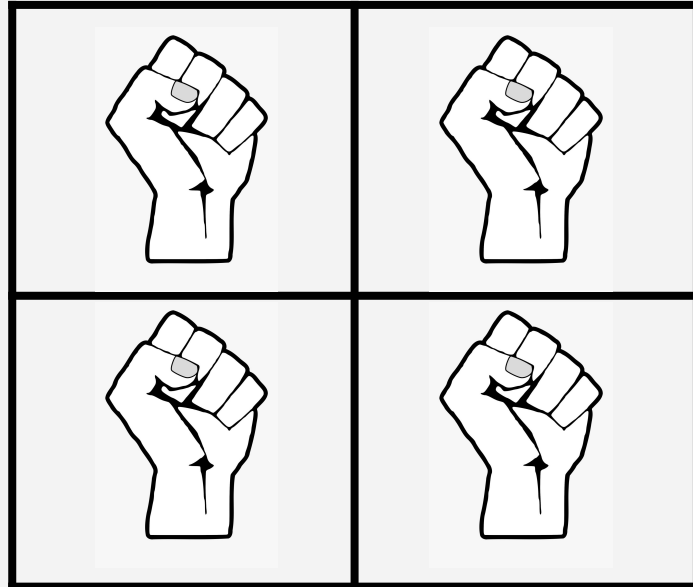

## Task 1

Split a piece of paper into 4. These are going to be the spaces for your four images with different colour palettes. Decide which colour palette is going in which square.

## Task 2

Now choose one of the positive symbols we looked at earlier for your image. You will need to sketch the same image in each quarter of your page

### Task 3

Colour in each symbol using a different colour palette. Use bright, unrealistic colours in the style of Andy Warhol. Spend today and tomorrow's lesson completing your artwork
